<sup>1</sup> The Interrogative pronoun differs from the Relative pronoun only in the *Nominative* singular forms. The Interrogative adjective has the same forms as the Relative pronoun. *Dative* and *Ablative* plural in all genders also has (qu-īs).

<sup>2</sup> The Indefinite pronoun differs from the Interrogative pronoun only in the *Nominative* singular feminine [qu-a] and in the *Nominative* and *Accusative* plural neuter in [qu-a]. The Interrogative/Indefinite pronoun can be compounded with many intensive prefixes and suffixes: -que, -nam, -dam, -cumque, -vīs, -libet, -pīam, -quam, ec-, ali-.
